Bikeway Program

Houston is a great city for bike riders. The city has a community bike ride every Saturday that helps us raise money for parks and get out on our bicycles and enjoy the many trails and parks for everyone to use.

Our bikeway program builds on the 150 miles of planned shared-use trail that helps us navigate our new routes. They provide a reason to ride your bicycles, provide the enjoyment of seeing new areas of our city and provide a quiet experience and bring us together to enjoy the simple joy of an old railroad corridor.

Also known as a shared roadway, the Bikeway Program is a method of providing a safe and separated route for motorized users, cyclists and pedestrians.

Before beginning your bike ride, please make sure you understand what is expected of you as a cyclist, motorist or pedestrian.

Provide a quarterly newsletter and bring in your health.

A signed shared roadway agreement is the first step in sharing the road with the free flowing of the open road, and an understanding what is expected of you as a cyclist, motorist or pedestrian.

For safety, always follow the bike lane. Before starting your ride, make sure you understand the rules of the road as they apply to cyclists.

To make what you d like to be an enjoyable experience, please follow the rules of the road. These rules apply to all users of the Bikeway Program.
