

CITY OF HOUSTON WATERWORKS T-SHIRT DESIGN CONTEST

The City of Houston sponsors this creative and thought-provoking classroom activity to inspire students to protect their water resources – today and in the future.

This year, more than 1,800 students and educators will gain new insight into the importance of protecting their drinking water resources at the annual WaterWeek Festival at the WaterWorks Education Center. A variety of educational activities are provided by government and environmental organizations.

WaterWeek 2014 is scheduled for April 28 - May 2. Attendance is free, with advance registration. Visit www.houstonwaterworks.org to print a Field Trip Registration Form.
